

New Source Review newspaper advertisements for construction permit applications, March 17, 2016. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: March 4, 2016, March 14, 2016, March 15, 2016, March 16, 2016, or March 17, 2016. Public notices are generally published every two weeks. The previous publication of public notices was March 3, 2016.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532 0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Rocket Oil Company dba Weigel's #64 with a mailing address of PO Box 650 Powell, TN 37849. They seek to obtain an air contaminant permit (Division identification number: 01-0242-01/71308) for modification of a Gasoline Dispensing Facility located at 2409 Charles G. Seivers Road, Clinton, TN 37716. The requested modification is for the addition of two (2) underground storage tanks, eight (8) nozzles, and associated gasoline dispensing equipment. Stage I gasoline vapor recovery used for gasoline emission control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. J. Horton is the assigned Division person.

For the Anderson County "Oak Ridger"-- publish once on Thursday, March 17, 2016.

The applicant is Tennessee Valley Authority (TVA)-Norris Dam with a mailing address of 1101 Market Street, LP 5G-C 560, Chattanooga, TN 37402. They seek to obtain air contaminant permit (Division identification number: 01-0266-01/971396P) for a 150 KW diesel powered emergency generator engine located at 300 Powerhouse Way, Norris, TN 37828. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants would be emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Anderson County "Oak Ridger"-- publish once on Thursday, March 17, 2016.

The applicant is 3M Company with a mailing address of 400 JD Yarnell Industrial Parkway, Clinton, TN 37716. They seek to obtain an air contaminant permit (Division identification number: 01-0275-31/ 71194) for an existing 350 KW diesel fired engine for an emergency generator located at the same address. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. John Trimmer is the assigned Division person.

For the Anderson County "Oak Ridger"-- publish once on Thursday, March 17, 2016.

The applicant is Polartec Tennessee Manufacturing, LLC with a mailing address of 310 Industrial Drive, S.W., Cleveland, TN 37311. They seek to obtain air contaminant permits for construction and modification of three sources located at same address as follows:

(1) Dyeing and Drying Operations (Division identification number: 06-0180-07/971103). This existing operation consists of two Tenter Frames No. 2 and No. 3 with natural gas fired dryers used for dyeing and drying the knitted fabrics. The requested modification is to add two natural gas dryers and to increase material input rates. After burner would be used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source.

2) Dyeing Operations (Division identification number: 06-0180-09/971104). This existing operations consist of multiple dye machines used for dyeing knitted fabrics. The requested modification is to add fifteen dye machines and to increase material input rates. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants emitted by this source would not increase.

2) Drying Operations (Division identification number: 06-0180-13/971123). This proposed operation would consist of two natural gas fired dryers used to dry the knitted fabrics. Wet electrostatic precipitator (ESP) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the Bradley County "Cleveland Daily Banner" publish once on Monday, March 14, 2016.

The applicant is American Appliance Products with a mailing address of 345 Chemwood Drive, Newport, TN 37821. They seek to obtain a construction permit (Division identification number: 15-0077-05/71246 for construction of a hot water heater located at the same address. This proposed operation would consist of a hot water heater to supply hot water for process use. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Cocke County "Newport Plain Talk"--- publish once on Thursday, March 17, 2016.

The applicant is American Appliance Products with a mailing address of 345 Chemwood Drive, Newport, TN 37821. They seek to obtain a construction permit (Division identification number: 15-0077-06/71247 for construction of a Spray Wash / Zinc Electroplating Line located at the same address. This proposed operation would consist of a 15-stage, continuous flow spray wash / dip zinc plating system. A gas scrubber would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Cocke County "Newport Plain Talk"--- publish once on Thursday, March 17, 2016.

The applicant is State of Tennessee, Department of General Services With a mailing address of 312 Rosa L. Parks Blvd, 24th Floor, Nashville, Tennessee 37243. They seek to obtain air contaminant permit(s) (Division identification number(s): 19-0125-01/971338P for installation of a 453 HP Generac engine powering a 250 KW Natural gas powered emergency generator. The facility is located on 401 5th Ave, Nashville, TN 37243. The requested operation is for the approval to emit regulated air pollutants. Mr. Jim A. Attar is the assigned Division person.

For the Davidson County "Tennessean"-- publish once on Friday, March 4, 2016.

The applicant is Hillshire Brands Company, a wholly owned subsidiary of Tyson Foods, Inc. with a mailing address of 2000 Biffle Road, Newbern, TN 38059. They seek to obtain air contaminant permits (Division identification number: 23-0101-06, 08 & 09/71231, 71232 & 71233) for an existing VOC containing Sanitizing Operation, Diesel fueled emergency fire pump engine and a Gasoline dispensing facility located at the same address. This existing operation is a meat processing facility. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person.

For the Dyer County "State Gazette"-- publish once on Thursday, March 17, 2016.

The applicant is Town of Obion with a mailing address of 137 Palestine Ave, Obion, TN 38240. They seek to obtain an air contaminant permit (Division identification number 24-0024-04/70783) for installation of an emergency engine with 137 kw generator at Safety building, 222 Palestine Ave, Obion, TN 38240. Because of the nature and type of operation, no control device is proposed. There would be physical construction and regulated air contaminants are emitted by this source. Mr. Manir Ahmed is the assigned Division person.

For the Obion County "Union City Daily Messenger"-- publish once on Monday, March 14, 2016.

The applicant is Nissan North America, Inc. with a mailing address of 983 Nissan Drive, Smyrna, TN 37167. They seek to obtain an air contaminant permit (Division identification number: 26-0091-11 & -12/71378) for modification of a Casting Operation located at 520 Nissan Powertrain Drive, Decherd, TN 37324. This existing operation consists of die cast melting furnace, chip reclaim melting furnace, chip reclaim support operations, stack melting furnace, and associated equipment used to cast aluminum parts for automobiles. Two wet scrubbers are used for pollution control. The requested modification is to update emission factors, update flux compositions, and update potential emission calculations. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. M. Reynolds is the assigned Division person.

For the Franklin County "Herald-Chronicle"-- publish once on Tuesday, March 15, 2016.

The applicant is Prime Hospitality Group, LLC with a mailing address of 2000 Remke Avenue, Lawrenceburg, TN 38464. They seek to obtain an air contaminant permit (Division identification number: 50-0159-01/71244) for construction of a Wood Furniture Surface Coating Operation located at the same location. This proposed construction would consist of a stain spray booth and associated

surface coating equipment. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Lawrence County "Democrat-Union"-- publish once on Tuesday, March 15, 2016.

The applicant is Tate & Lyle Ingredients Americas LLC with a mailing address of 198 Blair Bend Drive, Loudon, TN 37774-9499. They seek to obtain an air contaminant permit (Division identification number: 53-0081-18/71336) for the installation of a new feed dryer #1 (PES #18) to replace the existing unit at the Wet Mill/ Feedhouse Area and the installation of a regenerative thermal oxidizer (RTO #3) to control volatile organic compounds (VOC) and carbon monoxide (CO) emissions from the new dryer located at the same address. The new RTO #3 maintenance bypass will vent to a separate bypass stack (FHS #5). There would be physical construction. The feed dryer project will increase emissions of regulated air contaminants (particulate matter, VOC, CO, nitrogen oxides, and sulfur dioxide). Mr. John Trimmer is the assigned Division person.

For the Loudon County "News-Herald" -- publish once on Wednesday, March 16, 2016.

The applicant is Tennessee Galvanizing, Inc. with a mailing address of PO Box 609, Jasper, TN 37347. They seek to obtain air contaminant permits for construction of a Steel Galvanizing Facility on 1535 Industrial Blvd, Jasper, TN 37347, as follows:

- (1) Steel Galvanizing Operation (Division identification number: 58-0083-01/70776). The proposed operation would consist of two (2) molten zinc kettles, one (1) caustic cleaning tank, five (5) steel pickling tanks, two (2) chromate quenching tanks, and one (1) 6.28 MMBtu/hr natural gas-fired boiler. Two (2) baghouses would be used for pollution control. There would not be physical construction. Regulated air contaminants would be emitted by this source.
- (2) Steel Galvanizing Operation (Division identification number: 58-0083-09/71394). This proposed operation would consist of two (2) molten zinc kettles, one (1) caustic cleaning tank, four (4) steel pickling tanks, two (2) chromate quenching tanks, one (1) 6.0 MMBtu/hr natural gas-fired boiler, one (1) 3.0 MMBtu/hr natural gas-fired boiler, and one (1) 1.68 MMBtu/hr natural gas-fired boiler. One (1) baghouse would be used for pollution control. There would not be physical construction. Regulated air contaminants would be emitted by this source. Mr. B. Hall is the assigned Division person.

For the Marion County "Jasper Journal"--publish once on Tuesday, March 15, 2016.

The applicant is Marshall County Stone, LLC with a mailing address of 750 Highway 99, Lewisburg, TN 37091. They seek to obtain air contaminant permit(s) for an asphalt batch plant and associated equipment at the following location: 59-0097-02/971406P for 750 Highway 99, Lewisburg, Tennessee 37091. The requested operation is for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Marshall County "Lewisburg Tribune"-- publish once on Wednesday, March 16, 2016.

The applicant is UST, Inc. with a mailing address of 1433 North Main Street, Mount Pleasant, TN 38474. They seek to obtain air contaminant permit(s) for four (4) diesel-fired emergency engines and associated equipment at the following location: 60-0272-08/971276P for 1433 North Main Street, Mount Pleasant, Tennessee 38474. The requested operation is for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Maury County "Daily Herald"-- publish once on Thursday March 17, 2016.

The applicant is Interlink Communications Partners, LLC dba Charter Communications with a mailing address of 6399 South Fiddler's Green Circle, Suite 600, Greenwood Village, CO 80111. They seek to obtain an air contaminant permit (Division identification number: 63-0275-02/71363) for construction of a Diesel Engine serving an emergency generator located at 2500 North Ford Street, Clarksville, TN 37040. This proposed emergency generator engine rated at 755 HP will be used to supply back-up power and replaces a smaller unit. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mrs. Sarosh Kaiser is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"-- publish once on Thursday, March 17, 2016.

The applicant is Tennessee Gas Processing, LLC with a mailing address of P.O. Box 67, Sunbright, TN 37872. They seek to obtain air contaminant permits for construction of a Gas Processing Facility on Burrville Road, Sunbright, TN, as follows:

- (1) Internal combustion engine (Division identification number 65-0079-01/71340). The proposed operation consists of a natural gas-fired engine and associated compressor. A catalytic exhaust control system would be used as a control device. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. Jacobsen is the assigned Division person.

- (2) Natural gas dehydrator (Division identification number 65-0079-02/71341). The proposed operation consists of one dehydrator to remove moisture from natural gas stream. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. Jacobsen is the assigned Division person.

For the Morgan County "Morgan County News" -- published once on Wednesday, March 16, 2016.

The applicant is Finishing Innovations LLC with a mailing address 578 Highway 70 West, Mason TN 38049. They seek to obtain an air contaminant permit (Division identification number: 84-0127-01/971286P) for four (4) hard chrome electroplating tanks, heated with electric in tank heating elements located at 2094 Tipton Road, Atoka, TN 38004. Regulated air contaminants would be emitted by this source. Mr. J. Swinea is the assigned Division person.

For the Tipton County "Covington Leader"-- publish once on Thursday March 17, 2016.

The applicant is Weakley County Municipal Electric System with a mailing address of P.O. Box 170, Martin, TN 38237. They seek to obtain air contaminant permit(s) for two diesel-fired emergency engines and associated equipment at the following location: 92-0162-01,02/971202P for 11181 Hwy 22, Martin, Tennessee 38237. The requested operation is for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Weakley County "Weakley County Press"-- publish once on Thursday March 17, 2016.

The applicant is City of Sharon with a mailing address of 143 East Main Street, Sharon, TN 38255. They seek to obtain air contaminant permit(s) for a 50 kW diesel-fired engine generator and associated equipment at the following location: 92-0163-01/971400P for 123 South Hollis Avenue, Sharon, Tennessee 38255. The requested operation is for the approval to emit regulated air pollutants. Mr. Jabari D. Martin is the assigned Division person.

For the Weakley County "Weakley County Press"-- publish once on Thursday, March 17, 2016.
